tion track. Overall GPA: 4/5

Biography

Eyad Alhudhaif is currently a PhD Candidate at the University of South Carolina. His research interests include Corporate Finance, Capital Structure, and Debt Maturity Structures. His recent projects focus on the use of text-based analysis from corporate financial statements in explaining various corporate actions.

Work experience

Research Assistant

08/2015 - today

Darla Moore School of Business
University of South Carolina

Assisted the following faculties with research related tasks; Dongmei Li, Sergey Tsyplakov, and Matthew Souther. Tasks include webscraping, preliminary analysis, literature review, and essay comments. Additionally, I assisted Eric Powers in building a Monte Carlo simulation for his class assignment for several academic semesters.

AACSB Assistant Coordinator

05/2014 - 05/2015

Scott College of Business
Indiana State University

Worked with the business college to document and insure that faculties' intellectual contributions meet AACSB's requirements for the five year accreditation report.
